Money Nobody Taught You · Series 1 Classroom Kit · © 2026 Paul Blankenburg. All rights reserved.

Free one-class trial. This kit is licensed to one classroom at your school, one time, free. Nothing to sign or pay, no card, no auto-renew. Stop anytime.

You may

- Use the teacher guide yourself, in your own classroom.
- Print and copy the student workbook for the students in your one classroom.
- Send the parent letter home with your students. Students may keep their own workbook pages.

You may not

- Share the kit with other classrooms or other teachers, even at your own school.
- Share it with other schools.
- Post it online: no public websites, open class pages, social media, or shared drives outside your class.
- Sell it, or change it and pass it on.

How long it lasts

- **Free one-class trial:** one classroom, one time per school.
- **Paid kit:** one school year from purchase. Continuing is your choice; nothing renews automatically.
- Need it for another classroom? Each classroom gets its own kit. Whole-school pricing is on the price sheet.

What you're agreeing to

- **Free one-class trial:** no card, nothing to sign, no obligation. It never turns into a paid plan by itself.
- **No auto-renew.** Nothing renews by itself. Each year your school chooses whether to continue.
- **You pay only for what you order.** No hidden fees.
- **The license covers one classroom at one school.** Each extra classroom needs its own kit.
- **Your data, your choice:** we don't collect student or school data. Sharing results, reviews or quotes is always your school's choice, and only with your permission.

The books are stories that teach money ideas. They are not financial, tax, legal or investment advice. Characters, companies and places in the books are fictional. Questions about your license: reply to the email your kit came with.
